

I am writing in favor of leaving K-Love on air. I never turn my radio from K-Love because it is an inspiration to me and my husband and I have heard God speaking through K-Love in a positive and encouraging way (no other station is like it). We plan on having kids soon and I have been looking forward to exposing them to the wonderful things that K-Love airs. In a world of lots of hate, this is the one piece of love that affects many and is saving lives.
